COPYRIGHT BOOKS FORWARDED FOR PRINTED TITLE CARDS.

The catalogue titles for books deposited for copyright registration for which printed cards are furnished to other libraries are prepared by the Catalogue Division of the Library of Congress. These books are indicated in the Catalogue of Copyright Entries by the printer's number attached to each title, which can be used in ordering printed title cards.

The books deposited in the Copyright Office divide themselves into two classes:

Class "a," books received with informal applications or informal affidavits, or without the registration fee; or without the data required in order to make the copyright registration.

In the case of these books, before any action can take place in the Copyright Office to indicate the registration number, correspondence must be had with the depositors. The necessary letters of inquiry are promptly dispatched, but it depends entirely upon the promptness with which replies to these letters of inquiry are received when these books can be numbered and forwarded for cataloguing. They are, however, commonly the less important works and are not received from the leading or regular publishers, but from occasional depositors.

Class "b," books received with the necessary fee, application, and affidavit, and these documents in such order that the registration can be promptly proceeded with.

In the case of the books of class "b," the manner of handling them in the Copyright Office enables the larger number to be given promptly a registration number, and such books are sent forward from the Copyright Office for cataloguing, for the most part, on the day of receipt. These are usually books deposited by the regular publishers, and include, therefore, not only the greater part of the books deposited, but also nearly all the important books.

During the year 1912, out of a total of 12,078 books received and drawn up into the Library of Congress from the Copyright Office, 1,860 were of class "a" and 10,218 of class "b." The 10,218 books of class "b" were for the most part sent up on the day they were received in the Copyright Office. The 1,860 books belonging to class "a" were sent up on various dates.

PROMPT INCLUSION OF TITLES IN THIS CATALOGUE.

The Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the Act of March 4, 1909, for ad interim protection. A monthly index of the authors, copyright proprietors, and anonymous titles of books follows each month's issues, and a complete index to all the titles of the entire year is printed as promptly as possible after the books for the year have been received.

In order to secure to librarians the promptest possible information as to the American and foreign books deposited for copyright and included in the Catalogue of Copyright Entries for Books, one copy of the two required by law to be deposited is sent on the day of its receipt to the Catalogue Division of the Library of Congress. The titles for such books are distinguished by the addition of a (*) following the date of receipt of copies. As rapidly as these titles are returned to the Copyright Office they are printed from day to day in signatures of not less than four pages, and the Superintendent of Documents forwards these signatures at once to all libraries subscribing to the Catalogue or receiving the Catalogue as depository libraries. This mode of printing is for Part 1, Group 1 (books proper) only. The monthly index number is supplied each month. This monthly issue also contains the list of copyright renewals and extensions made for books under section 24 of the Act of March 4, 1909, and any other text matter not necessary to the list of book titles. In order to economize and to secure speed in printing and delivery, these signatures have no title or cover, but each has continuous paging and in the lower left-hand corner in large type the year of the Catalogue, its sequence number, and date of printing.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, Dramatic compositions, and Maps, and a list of copyright renewals and extensions for Dramatic compositions.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

The copyright notice states when the book was published, when the copies were received, the class and entry number, and the claimant of copyright. To save space the notice is abbreviated as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons, and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "F," Class F, Maps; "©" stands for copyright registration, followed by date of

publication, and "2 c." for 2 copies, followed by date of their receipt. "A ad int." implies ad interim copyright registration under the Act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The number at the end of each title, after the notice of copyright, is a citation number, by means of which reference is made in the index to this title.

The printed catalogue cards published by the Library of Congress may be ordered by the number in parentheses, printed with a hyphen, immediately following the copyright notice of the books for which such cards are supplied.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1 for 1913, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

The President of the United States of America and His Majesty the Emperor of Austria, King of Bohemia, etc., and Apostolic King of Hungary, desiring to provide, between the United States of America and Hungary, for a reciprocal legal protection in regard to copyright of the citizens and subjects of the two countries, have, to this end, decided to conclude a convention, and have appointed as their plenipotentiaries:

The President of the United States of America—

Richard C. Kerens, Ambassador Extraordinary and Plenipotentiary of the United States of America to His Imperial and Royal Apostolic Majesty;

AND

His Majesty the Emperor of Austria, King of Bohemia, etc., and Apostolic King of Hungary—

Who, having communicated to each other their full powers, found to be in good and due form, have agreed as follows:

Article 1.

Authors who are citizens or subjects of one of the two countries or their assigns shall enjoy in the other country, for their literary, artistic, dramatic, musical and photographic works (whether unpublished or published in one of the two countries) the same rights which the respective laws do now or may hereafter grant to natives.

The above provision includes the copyright control of mechanical musical reproductions.

Article 2.

The enjoyment and the exercise of the rights secured by the present Convention are subject to the performance of the conditions and formalities prescribed by the laws and regulations of the country where protection is claimed under the present Convention; such enjoyment and such exercise are independent of the existence of protection in the country of origin of the work.

[NOTE.—Ratification advised by the Senate, July 23, 1912; ratification exchanged, September 16, 1912; in force October 16, 1912.]

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

WHEREAS it is provided by the Act of Congress of March 4, 1909, entitled "An Act to amend and consolidate the Acts respecting copyright" (in effect July 1, 1909), that the benefits of said Act, excepting certain of the benefits under section 1(e) thereof as to which special conditions are imposed, shall extend to the work of an author or proprietor who is a citizen or subject of a foreign State or Nation only upon certain conditions set forth in section 8 of said Act, to wit:

(a) When an alien author or proprietor shall be domiciled within the United States at the time of the first publication of his work; or

(b) When the foreign State or Nation of which such author or proprietor is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States the benefit of copyright on substantially the same basis as to its own citizens, or copyright protection substantially equal to the protection secured to such foreign author under this Act or by treaty; or when such foreign State or Nation is a party to an international agreement which provides for reciprocity in the granting of copyright, by the terms of which agreement the United States may, at its pleasure, become a party thereto:

And whereas it is also provided by said section that "The existence of the reciprocal conditions aforesaid shall be determined by the President of the United States by proclamation made from time to time as the purposes of this Act may require";

And whereas satisfactory official assurance has been given that in Tunis the law permits to citizens of the United States copyright protection substantially equal to the protection secured under the copyright law of the United States:

Now, therefore, I, WILLIAM HOWARD TAFT, President of the United States of America, do declare and proclaim that one of the alternative conditions specified in section 8 of the Act of March 4, 1909, now exists and is fulfilled in respect to the subjects of Tunis, and that the subjects of that country are entitled to all of the benefits of the Act of March 4, 1909, and the Act to amend sections five, eleven, and twenty-five of said Act, approved August 24, 1912, except *copyright controlling the mechanical reproduction of a copyrighted musical work*, provided for under section 1(e) of the Act of March 4, 1909.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this fourth day of October in the year of our Lord one thousand nine hundred
[SEAL] and twelve, and of the Independence of the United States of America the one hundred and thirty-seventh.
